

# Quality and Commitment

CPRI APPROVED

# Company Profile

We, at Wunder Control & Switchgear (P) Ltd. have evolved ourselves as one of the leading Manufactures, specialized in the field of power & control panels. We offer best quality Products and efficient services in the field of , Power Control Centers, Motor Control Centers, A.C Drive, A.C Drive Panel Stand alone /Multidrive ,D.C Drive Analog / Digital up to 1000 KW, ACDB, DCDB, ELDB, MLDB,LTDB, Marshaling Kisko, Junction Box ,All Type of Control Desk ,Feeder Pillar ,Automatic Power Factor Panels, AMF Panels, Distribution Board, Bus Ducts & Rising Mains, Control & Relay Panels, AMF, Auto Synchronizing & Auto Load Sharing Panel & Other Generators Panels.

**RS GROUP** is an electronics & electrical engineering firm having expertise in Designing & manufacturing of different types of Panels and offering Power Solutions for various applications. In the year 1991, RS GROUP founded a dynamic organization named 'WUNDER' with the objective of providing best quality products in the industry.

## Infrastructure is the mainstay

We have state-of-the-art production facilities, equipped with in-house facilities of Panel Design & Manufacturing in 18,000 sq. feet area & we are having state of the art facility like latest machines like AMADA Turret Punch AE255-58 station & CNC Press Break RG 1003, CAD facility and test facility to test the panel up to the customer satisfaction. We are having various machineries for fabrication, hydraulic bus bar bending, shearing and punching at our factory situated at Faridabad and has a fleet of trained & skilled manpower to undertake any project & delivering it as per the schedule. The machines Also, inspection of our Panels has been carried out by various consultants like M/S RITES, M/S LINEN & LOPEZ ELECTRICAL CONSULTANTS, M/S. STUP CONSULTANTS (P) LTD., M/S. ESPIC CONSULTANT (P) LTD, M/S. INCUBIS CONSULTANT, M/S. DESARCH MUMBAI M/s. AVANT GARDE CHENNAI.

## AIM

We will differentiate ourselves from our competitors through best quality product with best technical support & design, after sales service backup to satisfy our customer's need.

# VISION

**WUNDER** will be the customer's preferred Control Panel supplier in the years to come, through speedy innovations continuous improvement in Quality & processes, strategic partnerships & unmatched customer services.

# MISSION

**WUNDER** is a team of dedicated individuals who share commitment to attain better quality product with best design & manufacturing practice. We will be the solution provider for various types of applications in different types of industries by giving our technical expertise.

## Quality assurance plan (QAP) / manufacturing quality plan (MQP):

Standard Quality Control practices as per clients approved "QAP / MQP and Schedule of Inspection" are observed at our works from the stages of raw material / in process fabrication / surface pre-treatment & powder coating / wiring / Assembly / final inspection / review of type tests & technical documents etc.

## ISO CERTIFIED COMPANY:

We are an **ISO 9001:2008 Company** certified by reputed agency

## Type tests:

Our all the products are type tested by CPRI accredited Labs which ensure their optimum & robust design adhering to national & international standards viz. IS / IEC / NFC etc.

Our L.T. Panels / Switchboards ( PCC / MCC) with 4000 Amp. Busbar are type tested at CPRI, Bhopal for 50 kA short circuit rating / temperature rise /Degree of protection IP- X3 / IP - X4 / IP - X5 etc.

## Manufacturer's in house plant standards:

"In-house Plant Standards" are observed at our works during incoming raw material and different manufacturing processes to achieve "zero defects".

# Manufacturing, Assembling and fabrication

AMADA AE255 Turret Punch

AMADA CNC Press Break RG1003

Bending Section

Fabrication Section

Hydraulic Bus Bar Bending, Punching & Cutting

Assembly Line

## Powder coating and pre-treatment

Wunder has inhouse state-of-the-art 9 tank pre-treatment plant followed by conveyerised powder coating plant for best quality metal treatment and finished surface.

9 Tank Pre-Treatment Line

# Products

- Power Control Centers
- Motor Control Centers
- A.C Drive
- A.C Drive Panel Stand along /Multidrive
- D.C Drive Analog / Digital up to 1000 KW
- ACDB, DCDB, ELDB, MLDB, LTDB, Marshaling Kisko
- Junction Box
- All Type Control Desk
- Feeder Pillar
- Automatic Power Factor Panels
- AMF Panels,
- Distribution Board
- Bus Ducts & Rising Mains
- Controls & Relay Panels
- AMF, Auto Synchronizing & Auto Load Sharing Panel
- Other Generator Panels.

# Exports

- Nepal
- Bhutan
- Bangladesh
- Dubai
- Nigeria

## Segments

DAIRY

AUTOMOBILE

CHEMICAL

STEEL

BEVERAGES

REALTY

POWER
